

GMP OPTIMIZED AUDIT PACKAGE 2015

This is the GMP OAP for 2015 (please see the audits list in the next pages). The fee will be adjusted according the final number of subscriptions.

With the information that we have today, the tentative fee, which gives you the right¹ of acquisition of full package is:

Affiliates: 38.295 €

Non Affiliates: 42.550 €

Our expectation is to be able to reduce the fee due to the possible subscription of additional companies.

For your calculations reference, please see the columns of prices if the audit is acquired individually (out of the package).

For non affiliates, please be aware that the Affiliate fee for 2015 is 3.300 €.

*Please review the OAP and let us know your interest before **December the 14th** at asociacion@forumauditorias.org. We will collect the information from all the companies, adjusting the fee and preparing the formal offers for the interested companies.*

It is very important that you mark the audits that you are directly interested in. This information will allow us deciding, if necessary, to remove some audits with poor interest and in consequence reducing the fee.
